## Welcome to Canada's Source for Consumer Technology Accessories

For over 30 years, Omega has been providing quality products to Canada's leading Retail outlets. Omega carries products used in audio, video, telephone, data and networking systems for the Professional Installer as well as the do-it-yourselfer. Omega continually develops new products to meet the changing technology advancements.

We offer the following benefits to all our customers:

- Products manufactured to the highest specifications
- Superior point-of-sale package design
- Strict quality assurance
- After-sales technical support
- Competitive pricing

Thank-you for choosing Omega

### Universal Device Charging Solutions

Perfect for most mobile phones, Blackberry devices, iPhones, iPods, iPads, cameras, GPS systems, games and many other low voltage devices  
 Includes three 1m (3.3 ft) USB to adapter (mini-USB, micro-USB or iPhone) cables  
 Charging cables are compatible with most current and future mobiles of mobile phones

### AC & USB Universal Charger

Compact design allows for easy portability  
 Provides 2 convenient charging options:

- folding blade AC charger, with USB port
- USB cables to charge from a computer, airplane or any 5-6V USB powered port

[1]

[1]      **54517033**      AC + USB Charger

### Car & USB Universal Charger

Compact design sits flush with dashboard  
 Provides 2 convenient charging options:

- 12V vehicle USB charger
- USB cables to charge from a computer, airplane or any 5-6V USB powered port

[2]

[2]      **54517036**      12V USB Charger

### AC, Car & USB Universal Charger

Provides 3 convenient charging options:

- folding blade AC charger, with USB port
- 12V vehicle USB charger
- USB cables to charge from a computer, airplane or any 5-6V USB powered port

[3]

[3]      **54517038**      AC + 12V USB Charger Set

### AC & USB Charging Solution With International AC Travel Adapters

Comes with 4 interchangeable worldwide AC configuration adapters  
 Provides 2 convenient charging options:

- 100~240VAC charger, with USB port for worldwide use
- USB cables to charge from a computer, airplane or any 5-6V USB powered port

[4]

[4]      **54517030**      Universal Charger

[5]

**Universal Notebook Computer Power Adapter**

Comes with Worldwide Travel AC Adapters  
An all-in-one AC/DC adapter that powers and charges most notebook computers

9 interchangeable notebook tips for compatibility with nearly every laptop on the market

LED power/status indicator light

Easily convert the power plug to fit foreign sockets

Works with many notebook types of these popular brands:

- APPLE
- COMPAQ
- DELL
- FUJITSU
- GATEWAY
- HP
- IBM
- PANASONIC
- SONY
- TOSHIBA
- WINBOOK

AC input: 120V~240V / 1.6A

DC output: 80Watts

15V ~ 24V DC output auto-switching

[5]      **54017023**      Universal Notebook Charger

**Replacement Tips**

Replace a lost or broken tip from the Universal Notebook Computer Power Adapter  
Pack of 9 tips

[6]      **54017024**      Tip Replacement

[6]

**100 Watt Power Inverter with USB Port**

Converts 12VDC to 115VAC 60Hz house power and also has 1 USB low voltage output port

Auto shutdown protection for overload, short circuit, and overheating

Slim line compact shape makes it easy to store in vehicle

Has sufficient power to charge and run a laptop computer

Input voltage:      12VDC 15A Max

Output:              115VAC 60HZ Grounded AC receptacle

Output:              5VDC USB Port

Maximum power:   100W

Surge power:        150W

Continuous Power: 80W

[7]      **54517081**      100 Watt Power Inverter

[7]

**6 Outlet Power Bar With Surge Protection**

750 Joule Rating

**Indicator Light** - Once the unit has reached its capacity and is no longer protecting, the light will go out

**Power Shut Down Protection** - Shuts off power to all outlets once the unit has reached its capacity to protect

**Circuit Breaker** - Stops the flow of electricity when a circuit is overloaded

**3-Line Protection** - hot, neutral and ground line

**EMI/RFI Filtering** - Enhances equipment performance

**Specifications**

A/C Rating	125V, 15A
Breaker Switch	15amp
On/Off Switch	Lighted
Joule Rating	750J @ (8x20 us)
Clamping Volt	330 V
Response time	< 1 nanosecond
Power Shut Down	yes
EMI / RFI	150khz to 300Mhz
Noise Filter	up to 20 dB
Safety Standard	UL/cUL

[1] **54615926** 6 Outlet Power Bar

[1]

**9 Outlet Power Bar With Surge Protection**

1050 Joule Rated

**Indicator Light** - Once the unit has reached its capacity and is no longer protecting, the light will go out

**Power Shut Down Protection** - Shuts off power to all outlets once the unit has reached its capacity to protect

**Circuit Breaker** - Stops the flow of electricity when a circuit is overloaded

**Ground Indicator Light** - Shows that the "ground" path is intact to provide maximum safety

**3-Line protection** - hot, neutral and ground line

**EMI/RFI Filtering** - Enhances equipment performance

**Cable & Telephone Line Protection** - For complete protection of your TV/VCR, phones, answering machines, fax machines and modems, you should protect the cable line as well as the power line

**Child Proof Safety Shutters** - Allows you to close off any unused outlets, preventing foreign objects from being inserted into the outlets

**Specifications**

A/C Rating	125V, 15A
Breaker Switch	15amp
On/Off Switch	Lighted
Joule Rating	1050J @ (8x20 us)
Clamping Volt	330 V
Response time	< 1 nanosecond
Power Shut Down	yes
EMI / RFI	150khz to 300Mhz
Noise Filter	up to 20 dB
Safety Standard	UL/cUL

[2] **54615927** 9 Outlet Power Bar

[2]

[3]

**300mA Universal AC Adapter**

Supplies power to most small electronic devices, eliminating the need for expensive batteries  
 Convert 120V AC to 1.5, 3, 4.5, 6, 7.5, 9 and 12 V DC  
 Delivers safe and accurate power to music players, calculators, toys and other small electric devices  
 Maximum current load 300mA  
 Convenient built-in storage compartment  
 Do not use with rechargeable devices

[3]      **545202**                  300mA AC/DC Adapter

**Socket Travel Adapters**

Use to adapt North American standard polarized plugs with two flat parallel blades, common for small household appliances, to work with foreign socket configurations  
 Female side of the plug adapter will accept an ungrounded plug, while the male side of the plug adapter is country specific  
 Plug adapters do not change voltage!!

[4]

[5]

[4]      **OA374**                  European Socket Adapter  
 [5]      **OA375**                  Caribbean Socket Adapter  
 [6]      **OA378**                  Worldwide Socket Adapters for European, Caribbean, Japanese, Australian, United Kingdom, Middle Eastern socket configurations

[6]

**Universal Vehicle Power Adapter Splitter**

Converts a single vehicle power socket in your automobile, RV, boat, etc to accept three 12 volt socket devices at the same time  
 Provides simultaneous power to mobile phones, notebook computers, GPS systems, portable DVD players or any other device equipped with a 12v adapter  
 12 volt, 5 amp fused plug (replaceable fuse)

[7]      **54516901**                  Automobile Socket Adapter

[7]

# Telephony & Twisted Pair Products

## Telephone Wall Plates

Mounts to a standard electrical outlet box or flush mounts to drywall using a drywall mounting bracket (Omega# CF1) Mounting screws included

- [1] **OA296WH**  4C Jack Plate
- [1] **OT2267**  4C Jack Plate (3 pack)
- [1] **OA296IV**  4C Jack Plate
- [1] **OT2266**  4C Jack Plate (3 pack)
- [2] **OA361WH**  4C Dual Jack Plate

[1]

[2]

## Decora Style (single piece)

- [3] **OA270WH**  4C Jack Plate
- [3] **OT2268**  4C Jack Plate (3 pack)
- [4] **OA271WH**  4C Dual Jack Plate

[3]

[4]

## Decora Style

- [5] **OA341WH**  4C Jack Plate
- [5] **OT2271**  4C Jack Plate (3 pack)

## Replacement Telephone Wall Plate

Connector not included  
Pass through plate  
Replaces the cover for an existing telephone wall plate  
Smooth-plate style  
Mounts to a standard electrical outlet box or flush mounts to drywall using a drywall mounting bracket (Omega# CF1) Mounting screws included

- [6] **OA291WHP**  Plate (2 pack)

[5]

## Cover Up Wall Plate

To cover an electrical box or a drywall opening that is not in use  
Mounting screws included

- [7] **OA290WHP**  Cover Plate (2 pack)

[6]

[7]

**Wall Telephone Mounts**

Used for mounting wall phones  
Metal studs securely mount the phone to the wall plate  
Mounts to a standard electrical outlet box or flush mounts to drywall using a drywall mounting bracket (Omega# CF1)  
Mounting screws included

- [8] **7109290**  4C Steel Jack Plate
- [9] **OA362WH**  4C Jack Plate

**Cat5e & Telephone Combo Wallplate**

Use for installation of a Cat5e and telephone outlet in a convenient single plate  
Comes with punch-down tool/dust cover  
No installation tools required  
Mounts to a standard electrical outlet box or flush mounts to drywall using a drywall mounting bracket (Omega# CF1)  
Decora style  
Wiring code included  
Mounting screws included

- [10] **54015759**  Cat5e & 4C Jack Plate

**Keystone Wallplates & Inserts**

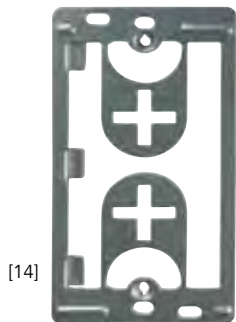

Create and install custom communication, video or data network wall jacks  
No installation tools required  
Mounts to a standard electrical outlet box or flush mounts to drywall using a drywall mounting bracket (Omega# CF1)

- [11] See Page 11 for full product listing

**Telephone & Coaxial Cable Wall Plates**

Use for the convenience of having a telephone jack and coaxial cable outlet installed in the same electrical box  
Equipped with a coaxial in-line coupler for quick connection of a coaxial cable with "F" connector  
Mounts to a standard electrical outlet box or flush mounts to drywall using a drywall mounting bracket (Omega# CF1)  
Mounting screws included

- [12] **OV630WH**  Plate
- [13] **OV624WH**  Decora Plate (single piece)

**Drywall Mounting Bracket - Improved Design!**

Improved design allows for multiple brackets to be joined together for use with a Decora multi-plate cover (sold separately)  
For use with low-voltage systems where electrical boxes are not required to mount wall plates  
Arms can fit 1/4" to 1" wall thicknesses  
Cut hole in drywall and spread metal flanges to hold bracket in place

- [14] **CF1CP**  (3 pack)
- [14] **CF1P**  (5 pack)
- [14] **CF1VP**  (10 pack)

## Telephony & Twisted Pair Products

### Telephone Line Cord with Connectors

Suitable for all telephony applications

Flat modular cable - PVC jacket

4 conductor cords work with one or two line phones

- |     |                |                                     |  |

[1]

[2]

### Extension Telephone Line Cords with In-line Jack

Use to extend the range of a telephone or phone device

Includes in-line jack on one end and standard connector on the other

Flat modular cable - PVC jacket

4 conductor cords work with one or two line phones

- |     |                |                                     |                            |
|-----|----------------|-------------------------------------|----------------------------|
| [3] | <b>OA357WH</b> | <input type="checkbox"/>            | Extension Cord - 4m        |
| [3] | <b>OA357IV</b> | <input checked="" type="checkbox"/> | Extension Cord - 4m        |
| [3] | <b>OA346WH</b> | <input type="checkbox"/>            | Extension Cord - 8m        |
| [3] | <b>OA346IV</b> | <input checked="" type="checkbox"/> | Extension Cord - 8m        |
| [4] | <b>OA363WH</b> | <input type="checkbox"/>            | Duplex Jack Extension - 4m |
| [4] | <b>OA364WH</b> | <input type="checkbox"/>            | Duplex Jack Extension - 8m |

[3]

### Coiled Handset Cords

Use to replace standard modular handset cords

Exceptional recoil memory

- |     |                |                                     |                   |
|-----|----------------|-------------------------------------|-------------------|
| [5] | <b>OA340WH</b> | <input type="checkbox"/>            | Handset Cord - 2m |
| [5] | <b>OA340BK</b> | <input checked="" type="checkbox"/> | Handset Cord - 2m |
| [5] | <b>OA368WH</b> | <input type="checkbox"/>            | Handset Cord - 4m |
| [5] | <b>OA368IV</b> | <input checked="" type="checkbox"/> | Handset Cord - 4m |
| [5] | <b>OA368BK</b> | <input checked="" type="checkbox"/> | Handset Cord - 4m |
| [5] | <b>OA369WH</b> | <input type="checkbox"/>            | Handset Cord - 8m |
| [5] | <b>OA369IV</b> | <input checked="" type="checkbox"/> | Handset Cord - 8m |
| [5] | <b>OA369BK</b> | <input checked="" type="checkbox"/> | Handset Cord - 8m |

[4]

### Handset Cord Untangler

Prevents a telephone handset cord from becoming tangled and damaged

Plugs in between a phone base and a handset cord

- |     |              |                        |
|-----|--------------|------------------------|
| [6] | <b>OA304</b> | Handset Cord Untangler |
|-----|--------------|------------------------|

[5]

[6]

**Modular Surface Mount Jacks**

Hardwired standard surface mount jack  
Includes adhesive pad for installation on difficult surfaces  
Easy installation  
Suitable for all telephone systems  
Mounting screws included

- [7] **OA359WH**  Surface Jack
- [7] **OA359IV**  Surface Jack
- [8] **OA358WH**  Surface Dual Jack

**Modular Jack Extension Kit**

Relocate or extend the placement of a telephone surface mount jack  
Twisted pair construction helps shield against signal interference and is more robust  
Can be terminated with a telephone plug or hardwired to an existing jack  
Strip wire before installing telephone jack  
Use supplied telephone wire clips to attach wire along walls and baseboards  
Includes adhesive pad for easy installation  
4 conductor cord: works with one or two line phones

- [9] **OTK1**  30m Extension Kit

**Pre-wired Modular Jack Extension Kit**

Relocate or extend the placement of a telephone surface mount jack  
Connects to a standard telephone wall jack  
Wire comes pre-terminated with phone connector on one end and pre-wired to the jack  
Use supplied telephone wire clips to attach wire along walls and baseboards  
Includes adhesive pad for easy installation  
4 conductor cord: works with one or two line phones

- [10] **OTK115**  15m Jack Extension Kit
- [11] **OTK215**  15m Dual Jack Extension Kit

Colour Guide

- White
- Black
- Ivory

# Telephony & Twisted Pair Products

## Telephone Adapters

Suitable for all telephony applications  
4 conductor, works with one or two line phones

- [1] **OA300WHP**  Duplex Jack (2 pack)
- [1] **OA300IV**  Duplex Jack
- [2] **OA305**  Triplex Jack
- [3] **OA298**  Triplex Adapter
- [4] **OA344WH**  In-Line Coupler
- [4] **OA344WHP**  In-Line Coupler (2 pack)

[1]

## ADSL In-line Filter

Filters 'the buzz' from high-speed data lines for clear phone communications  
Perfect for High-Speed Internet  
Helps prevent interference between data and voice signals

- [5] **72010669** ADSL Filter

[2]

## Telephone Station Wire Demarcation Block

(with wire terminals)  
Connect and distribute the telephone company's incoming service (wire) to multiple telephone jacks or wall plates  
Includes standard line cord connector

- [6] **OA399** Demarcation Block

[3]

[4]

[5]

[6]

[7]

[8]

**Round Twisted Pair Telephone Wire**

Insulated round twisted pair station wire for in-wall, surface mount jack or junction box installations  
 FT4 Rated for installation behind or through walls  
 24 gauge colour coded wires  
 Use for voice communication

- [7]     **OTR2S150**     4 Conductor - 150m spool
- [7]     **OTR3S150**     6 Conductor - 150m spool
- [7]     **OTR4S150**     8 Conductor - 150m spool
- [8]     **OTR3R300**     6 Conductor - 300m pull box

[9]

**Round Twisted Pair Wire**

Insulated round twisted pair station wire for surface mount jack or junction box installations  
 Use for voice communication  
 4-wire system works with one or two phone lines  
 24 gauge colour coded wires  
 Note: Wire is not FT4 rated

- [9]     **OTR50**      15m 4 Conductor Cord

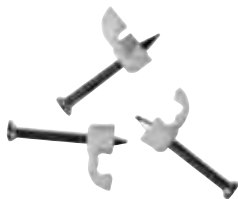

[10]

**Telephone Line Cord without Connectors**

Use to make custom lengths of telephone line cords  
 Use for voice communication  
 4-wire system works with one or two phone lines  
 For termination ends, use Omega# OA417VP  
 Use with Modular Crimping Tool (Omega# OA416)

- [10]    **OTW150**      150m Spool

[11]

[12]

**Telephone Wire Clips**

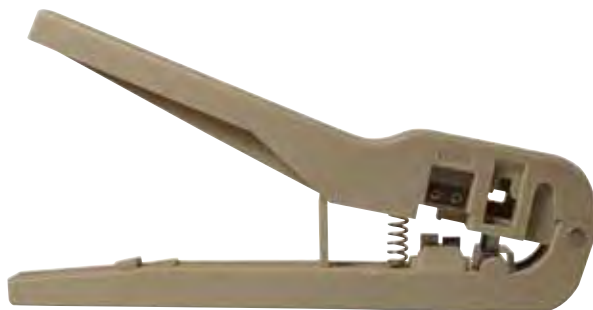

Use to attach flat and round telephone wire along walls and baseboards

- [11]    **OA397**      Clips (20 pack)
- [11]    **OT11214**    Clips (100 pack)

**Line Connectors**

Make custom cord lengths or repair damaged connectors  
 Use with Modular Crimping Tool (Omega# OA416)

- [12]    **OA417VP**     Connectors (10 pack)

[13]

**Modular Crimping Tool**

Install termination ends to telephone line cord  
 Cuts cable to length  
 Strips off the outer jacket from cable  
 Suitable for installations on phone systems with 2 lines

- [13]    **OA416**     RJ11 Crimping Tool

Colour Guide  
 White    Ivory

# Keystone Wall Plate System Products

## Keystone Wall Plates

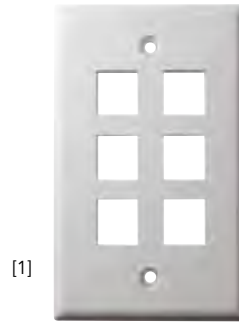

Create and install custom audio, video, telephone or data network wall connections in a home or office

Use with Keystone System inserts

Mounts to a standard electrical outlet box or flush mounts to drywall using a drywall mounting bracket (Omega# CF1)  
Mounting screws included

### Standard Plates

- [1] **54012805**  1 Insert Wall Plate
- [1] **54016760**  1 Insert Wall Plate (3 pack)
- [1] **5409578**  2 Insert Wall Plate
- [1] **54016759**  2 Insert Wall Plate (3 pack)
- [1] **54012808**  3 Insert Wall Plate
- [1] **54012983**  3 Insert Wall Plate (3 pack)
- [1] **5409580**  4 Insert Wall Plate
- [1] **54012986**  4 Insert Wall Plate (3 pack)
- [1] **5409582**  6 Insert Wall Plate
- [1] **54012989**  6 Insert Wall Plate (3 pack)

[1]

[2]

### Decora Plates

- [2] **54014477**  1 Insert Wall Plate
- [2] **54016761**  1 Insert Wall Plate (3 pack)
- [2] **54013008**  2 Insert Wall Plate
- [2] **54016762**  2 Insert Wall Plate (3 pack)
- [2] **54013010**  3 Insert Wall Plate
- [2] **54016763**  3 Insert Wall Plate (3 pack)
- [2] **54013014**  6 Insert Wall Plate
- [2] **54016765**  6 Insert Wall Plate (3 pack)
- [2] **54013016**  Replacement Decora Frame

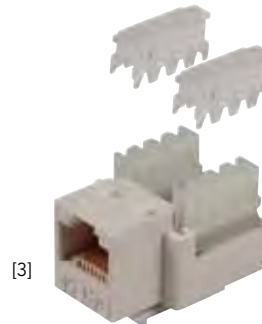

### Telephone or Cat5e Jack Keystone Modules

Communication jacks for a Keystone wall plate system  
Snap-in tabs make modules easy to insert or remove for adjustments or changes

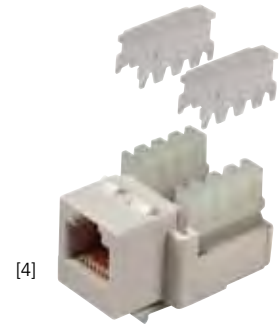

Includes 2 dust covers for wire connections

Wiring code included

- [3] **5409586** Cat5e Insert
- [3] **54013042** Cat5e Insert (2 pack)
- [4] **5409584** 6C Telephone Insert
- [4] **54013044** 6C Telephone Insert (2 pack)

[3]

[4]

### Communication Wire Stripper/Punch Down Tool

Cat5e wire and telephone station wire

Punches down exposed wire into terminating block

- [5] **5408391** Punch Down Tool

[5]

[6]

[7]

### Coaxial Outlet Keystone Module

Use to install a coaxial (F) outlet in a Keystone wall plate system

F to F connection for easy coaxial installation

Snap-in tabs make modules easy to insert or remove for adjustments or changes

[6]	<b>5409590</b>	900MHz Coaxial
[7]	<b>54016400</b>	2.4GHz Coaxial
[7]	<b>54016756</b>	2.4GHz Coaxial (4 pack)

[8]

[9]

### RCA to RCA Outlet Keystone Module

Use to install an RCA outlet in a Keystone wall plate system

Snap-in tabs make modules easy to insert or remove for adjustments or changes

[8]	<b>5409592</b>	RCA Insert
-----	----------------	------------

### RCA to F Outlet Keystone Module

Use to install an RCA to F connection outlet in a Keystone wall plate system

Comes with 6 coloured rings (red, green, black, white, yellow, blue) to colour code termination points

Snap-in tabs make modules easy to insert or remove for adjustments or changes

[9]	<b>54012811</b>	RCA to F Insert
[9]	<b>54016757</b>	RCA to F Insert (3 pack)

[10]

### Speaker Binding Post Keystone Module

Install speaker connections in a Keystone wall plate system

In-wall wire connects with set screw or "F" connector

Speaker connection with a spade, banana or wire connector

Snap-in tabs make modules easy to insert or remove for adjustments or changes

[10]	<b>54013000</b>	Speaker Insert (1 red + 1 black) good for 1 speaker
[10]	<b>54016758</b>	Speaker Insert (2 red + 2 black) good for 2 speakers

[11]

### Blank Keystone Module

Use to cover an unused outlet in a Keystone wall plate system

[11]	<b>5409594</b>	Blank Insert
------	----------------	--------------

Colour Guide  
 White

## Cat6a & Cat5e Products

### Cat6a Ethernet Cable

Provides up to 10x faster speed than Cat5e  
500Mhz / 10Gbit for 1000base-T Networks and Ethernet applications

Use to connect a wireless router or computer to a data jack  
FT4 Fire Rating that meets or exceeds CSA/Building Code requirements for residential or commercial structures, allowing you to safely run cables inside walls or through ceiling rafters

Backwards compatible with Cat5e formats  
Fewer data errors, less cross-talk and insertion loss  
Suitable for high speed video streaming  
Windows and Macintosh compatible

- [1] **54016954** ■ 15m Cat6a RJ45 Terminated
- [1] **54016956** ■ 30m Cat6a RJ45 Terminated
- [2] **54015825** ■ 300m Cat6a Solid Core Cable Pull Box, non-terminated, FT4 Rated

[1]

### Cat5e Ethernet Cable

Connect a wireless router or computer to a data jack  
Ideal for LAN networks, DSL and cable modems  
Twisted pair construction eliminates crosstalk and protects signal integrity

Provides the bandwidth necessary to deliver broadband voice, data and video signals well beyond 100Mbps systems  
Terminated with RJ45 plugs  
Windows and Macintosh compatible

- [3] **5409567** ■ 2m Cat5e RJ45 Terminated
- [3] **5409573** ■ 4m Cat5e RJ45 Terminated

[3]

[4]

**Cat5e Wall Plate**

Comes with punch-down tool/dust cover  
 No installation tools required  
 Mounts to a standard electrical outlet box or flush mounts to drywall using a drywall mounting bracket (Omega# CF1)  
 Decora style  
 Wiring code included  
 Mounting screws included

[5]      **54015761**       Cat5e Wall Plate

**Cat6a Surface Mount Jack**

Comes with punch-down tool/dust cover  
 Mounting screws included

[6]      **5408383**       Cat6a Jack

**Cat6a In-Line Coupler**

Connects two lengths of Cat6a cable  
 Works with Cat5e and Cat6a

[7]      **54010270**       Cat6a Coupler

**RJ45 Connectors**

Make custom lengths of Cat5e or other 8 conductor round wire  
 Use for network applications (data) or voice applications in residential or commercial applications  
 Use with RJ45 Crimping Tool (Omega# 5408389)

[8]      **5408387**      Connectors (20 pack)

**RJ45 Crimping Tool**

Crimps RJ45 8 conductor connectors (for Cat5e wire)  
 Cuts cable to length  
 Strips the outer jacket off cable  
 Use with RJ45 Connectors (Omega# 5408387)

[9]      **5408389**      RJ45 Crimping Tool

## Computer Cables and Peripherals

### USB v2.0 (A/B) Computer To Peripheral Cable

Molded strain-relief connectors  
 Double-shielded cable jacket to reduce EMI/RFI interference  
 Gold-plated connectors  
 Data transfer speeds up to 480Mbps  
 Plug-and-play connections for devices such as digital camcorders, printers, scanners or any other USB peripheral  
 Windows and Macintosh compatible

- [1]      **5409563**              2m A/B USB Cable
- [1]      **54010094**             3m A/B USB Cable

[1]

### USB v2.0 (A/A female) Extension Cable

Extend the length of an existing USB cable  
 Molded strain-relief connectors  
 Double-shielded cable jacket to reduce EMI/RFI interference  
 Gold-plated connectors  
 Data transfer speeds up to 480Mbps  
 Plug-and-play connections for devices such as digital camcorders, printers, scanners or any other USB peripheral  
 Windows and Macintosh compatible

- [2]      **54011244**              2m Extension USB Cable

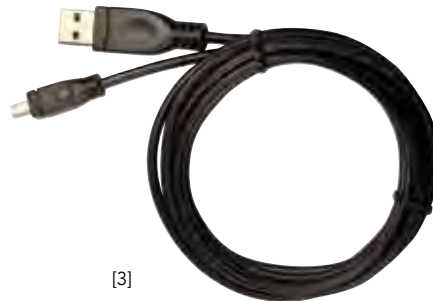

[2]

### USB v2.0 A to Mini-B Cables

Molded strain-relief connectors  
 Double-shielded cable jacket to reduce EMI/RFI interference  
 Gold-plated connectors  
 Data transfer speeds up to 480Mbps  
 Plug-and-play connections for devices such as digital camcorders, printers, scanners or any other USB peripheral  
 Windows and Macintosh compatible

- [3]      **54011240**              2m 4Pin USB Cable
- [3]      **54011242**              2m 5Pin USB Cable

[3]

### 4 Port USB 2.0 Hub

Small, compact design easily allows connection of up to 4 USB devices such as external storage devices, scanners, DVD drives, CD-RW drives and digital cameras/camcorders  
 Compatible with Windows® Vista, 98, 2000, XP  
 Compatible with Mac OS 8.6 and above  
 Plug & Play convenience-no additional software required  
 Individual port over-current protection  
 High-speed, up to 480 Mbps data transfer rate

- [4]      **54016696**              4 Port USB Hub

[4]

[5]

**Wireless Desktop Keyboard & Optical Mouse**

Windows® Vista™ Ready: Instantly access Windows 98, 2000, XP, Vista or 7 with the "Start" button  
 Reliable 2.4 GHz wireless signal - up to 9 metres  
 Quiet, soft-touch keys  
 USB Plug & Play convenience-no additional software required  
 Intelligent power management  
 Easy-to-setup wireless technology  
 5 button programmable mouse

[5]      **54016814**      Wireless Keyboard & Mouse

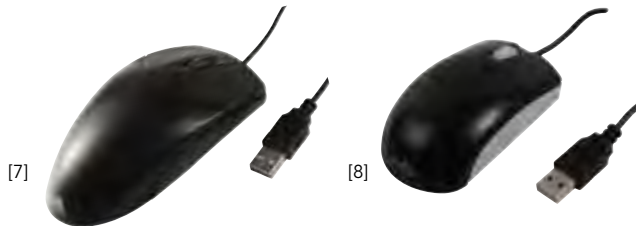

[6]

**Universal Keyboard**

Windows® Vista™ Ready: Instantly access Windows 98, 2000, XP, Vista or 7 with the "Start" button  
 Compatible with Mac OS 8.6 and above  
 Flat keyboard design  
 USB Plug & Play convenience-no additional software required  
 Quiet, soft-touch keys

[6]      **54016698**      Wired USB Keyboard

[7]

[8]

**Wired Scroll Mouse**

3-button mouse  
 Fits right or left hand operation  
 Compatible with Macintosh & Windows 98, 2000, XP  
 USB Plug & Play convenience  
 Ideal for both desktop and notebook computers

[7]      **54016697**      Wired Ball Mouse

[8]      **54016988**      Wired Optical Mouse

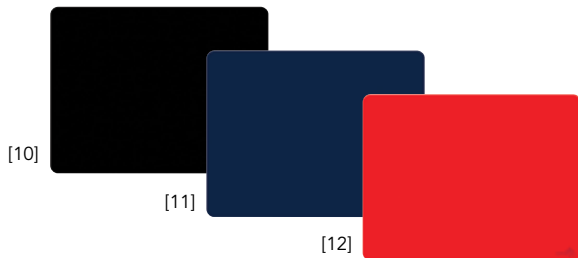

[9]

**Wireless Optical Mouse**

Reliable 2.4 GHz wireless signal  
 3-button ball mouse  
 Fits right or left hand operation  
 Compatible with Macintosh & Windows Vista, 98, 2000, XP  
 USB Plug & Play convenience  
 Ideal for both desktop and notebook computers

[9]      **54016817**      Wireless Optical Mouse

[10]

[11]

[12]

**Mouse Pads**

Smooth, durable surface  
 Rubber nonslip backing

[10]      **54016691**      ■ Black Mousepad

[11]      **54016692**      ■ Blue Mousepad

[12]      **54016693**      ■ Red Mousepad

## Computer Peripherals

### Amplified Multimedia Speaker System

Dual amplified stereo speakers  
 Quality audio suitable for both PC and portable audio  
 USB powered, no DC power supply needed  
 1 watt RMS total system power  
 3" drivers  
 4 Ohms impedance  
 100 Hz - 15 kHz frequency response  
 Built-in headphone/secondary auxiliary input  
 Magnetic shielding for use near video monitors  
 Easy access controls for volume and power  
 2 piece computer speaker system  
 2m cord length

[1]      **54017002**      USB Powered Speakers

[1]

### Amplified Multimedia Speaker System with Bass Boost

Dual amplified stereo speakers  
 Dynamic bass boost for big stereo sound  
 Quality audio suitable for both PC and portable audio  
 2 watts RMS total system power  
 3" drivers  
 8 Ohms impedance  
 100 Hz - 15 kHz frequency response  
 9V DC 500 mA power supply  
 Built-in headphone/secondary auxiliary input  
 Magnetic shielding for use near video monitors  
 Easy access controls for volume and power  
 2 piece computer speaker system  
 2m cord length

[2]      **54017003**      Bass Boost Speakers

[2]

### Computer Headset for VoIP Communications

VoIP (Voice over Internet Protocol) is simply the transmission of voice over the internet  
 USB Plug & Play convenience  
 No additional hardware drivers required  
 In-line mute and volume buttons  
 Mac, Linux, IBM® or Compatible PC with Windows® 98, 2000, XP or Windows® Vista™ running a VoIP application

[3]      **54016719**      USB Headset for VoIP

[3]

[4]

**Callcorder™ Telephone To Computer Recording Device**  
 Interfaces a land-line telephone with a computer  
 Saves audio files to the computer hard-drive as compressed WAV files  
 Saved files can be emailed as attachments or archived for future referencing  
 USB powered  
 Compatible with Macintosh and Microsoft Windows 7, Vista, 98, Millennium & 2000

[4]      **54016859**      Callcorder Recording Device

**Plasma/LCD Flat Screen Cleaning Kit**

Use on LCD, Plasma or CRT screens  
 Safely and effectively removes dust, lint, oil and smudges  
 Includes wand-style anti-static brush for general cleaning  
 Ultra-fine microfibre cloth to prevent marking  
 Non abrasive, non toxic and anti-static cleaning fluid  
 Triangular design effectively cleans the corners of the screen

[5]      **PT9016**      Cleaning Kit

[5]

## Computer Accessories

### 16" Laptop Briefcase

Fits most laptops up to 16"  
 Organizer section for business cards, pens, PDA, MP3 player, wireless phone, etc.  
 Trolley strap for easy commmting  
 Adjustable / padded shoulder strap  
 Rubber feet on the bottom to protect bag

[1]      **85916999**      Laptop Briefcase

[1]

### 17" Laptop Briefcase

Fits most laptops up to 17"  
 Removable laptop sleeve for easy access through airport security checkpoints.  
 Detachable, adjustable, padded shoulder strap  
 Trolley strap for easy commmting  
 Front zip pocket with organizer section

[2]      **85917000**      Laptop Briefcase

[2]

### 17" Laptop Briefcase

Fits most laptops up to 17"  
 Rear zippered laptop compartment  
 Unzip centre zipper to open case fully and lay flat for airport security compliance  
 Front zip pocket with organizer section  
 Adustable, padded shoulder strap

[3]      **85917001**      Laptop Briefcase

[3]

### 16" Laptop Sleeves

Fits most laptops up to 16"  
 When all you want to carry is your laptop  
 Top zip closure for easy access  
 Weather resistant quilted nylon exterior  
 Padded interior for protection  
 Two strong nylon web handles for an easy carry  
 Specify colour choice when ordering

[4]      **85916708**      Laptop Sleeves

[4]

[5]

**Universal Notebook Computer Power Adapter**

Comes with Worldwide Travel AC Adapters  
An all-in-one AC/DC adapter that powers and charges most notebook computers

9 interchangeable notebook tips for compatibility with nearly every laptop on the market

LED power/status indicator light

Easily convert the power plug to fit foreign sockets

Works with many notebook types of these popular brands:

- APPLE
- COMPAQ
- DELL
- FUJITSU
- GATEWAY
- HP
- IBM
- PANASONIC
- SONY
- TOSHIBA
- WINBOOK

AC input: 120V~240V / 1.6A  
DC output: 80Watts  
15V ~ 24V DC output auto-switching

[5]      **54017023**      Universal Notebook Charger

**Replacement Tips**

use to replace a lost or broken tip from the Universal Notebook Computer Power Adapter  
Pack of 9 tips

[6]      **54017024**      Tip Replacement

[6]

**100 Watt Power Inverter with USB Port**

Converts 12VDC to 115VAC 60Hz house power and also has 1 USB low voltage output port

Auto shutdown protection for overload, short circuit, and overheating

Slim line compact shape makes it easy to store in vehicle

Has sufficient power to charge and run a laptop computer

Input voltage:      12VDC 15A Max  
Output:              115VAC 60HZ Grounded AC receptacle  
Output:              5VDC USB Port  
Maximum power:    100W  
Surge power:        150W  
Continuous Power: 80W

[7]

[7]      **54517081**      100 Watt Power Inverter

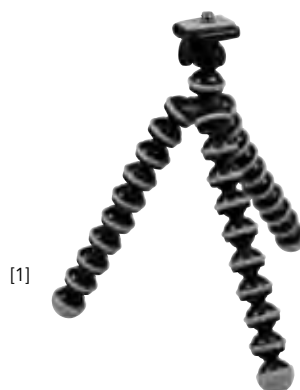

## Camera Accessories

### Flex Tripod

Perfect for small digital cameras  
 Rubberized ring and foot grips prevent your camera from slipping, even in extreme conditions  
 Does not require a level or solid surface  
 Flexible joints bend and rotate 360°  
 Detachable camera mounting adapter  
 High-quality, injection-molded plastic for snug joints  
 Total height: 6.25" (16cm)

[1] **OVS15882** Flex Tripod

### Tripod

Perfect for digital cameras or camcorders  
 Legs fully extend to 41.7" (106cm)  
 Neck extends 7" (18cm)  
 Compact unit is only 17" (43cm) when collapsed  
 Comes with carry pouch for added protection

[2] **OVS15386** Tripod

### Mini Tripod

Perfect for small digital cameras  
 Fully extends to 6.5" (16cm)  
 Compact, only 4" (10cm) when closed

[3] **OVS15384** Mini Tripod

### HDMI to Mini HDMI Version 1.3

Connect HD digital camcorders, cameras, Playstation3® and other portable digital devices to an HDTV  
 Supports 720p/1080i/1080p video sources  
 Full cinema 5.1 surround sound  
 Multi-stranded copper conductor  
 Shielded against EMI & RFI interference

[4] **81416535** 2m HDMI to Mini HDMI

[4]

[5]

**Digital Camera Case**

Fits most digital cameras, iPhones, iPods, MP3 players and flash camcorders  
 Padded interior  
 Interior pocket provides storage for memory cards  
 Belt loop and carabiner clip provide multiple carrying options  
 Easy access zippered opening

- [4]      **85917194**      Camera Case
- [5]      **85917195**      Camera Case

[6]

[7]

**Molded Camera Case**

Fits most compact digital cameras  
 Padded interior  
 Durable hardshell construction helps protect camera  
 Carabiner clip  
 Easy access zippered opening

- [6]      **85917196**      Camera Case
- [7]      **85917197**      Camera Case
- [8]      **85917198**      Camera Case

[8]

[9]

**Digital Camera Case**

Fits most compact digital cameras  
 Padded interior  
 Interior mesh pocket provides storage for memory cards  
 Belt loop and carabiner clip provide multiple carrying options  
 Easy access zippered opening

- [9]      **85917199**      Camera Case

## Audio / Video Connectivity

### HDMI High Speed with Ethernet

HDTV 1080p compatible  
Zinc connectors  
Gold-plated HDMI contacts  
Full cinema 5.1 surround sound  
Multi-stranded copper conductor  
Four-layer shielding against EMI & RFI interference

[1]	<b>81417010</b>	1.5m HDMI
[1]	<b>81417011</b>	3.5m HDMI

[1]

### HDMI Version 1.3

Supports 720p/1080i/1080p video sources  
Anodized aluminum connectors  
Gold-plated HDMI contacts  
Full cinema 5.1 surround sound  
Multi-stranded copper conductor  
Four-layer shielding against EMI & RFI interference  
LED light confirms full power connection to components

[2]	<b>81416557</b>	1m HDMI
[2]	<b>81416558</b>	2m HDMI

[2]	<b>81416732</b>	8m HDMI
[2]	<b>81416733</b>	10m HDMI

[2]

### HDMI Version 1.3

Supports 720p/1080i/1080p video sources  
Full cinema 5.1 surround sound  
Multi-stranded copper conductor  
Shielded against EMI & RFI interference

[3]	<b>81415395</b>	1m HDMI
[3]	<b>81413650</b>	2m HDMI
[3]	<b>81413242</b>	4m HDMI

[3]

### Economy HDMI Version 1.3

Supports 720p/1080i/1080p video sources  
Full cinema 5.1 surround sound  
Shielded against EMI & RFI interference

[4]	<b>81416429</b>	1m HDMI
[4]	<b>81416432</b>	2m HDMI
[4]	<b>81416435</b>	4m HDMI

[4]

### HDMI Right Angle 180° Swivel Adapter

Male HDMI to Female HDMI  
Repositions cable jack for easy access where space is limited  
Gold plated contacts for optimum signal transfer  
Supports 720p/1080p video sources

[5]	<b>81415720</b>	HDMI Adapter
-----	-----------------	--------------

[5]

[5]

**Economy Component Video (RGB) Cable**

Connect a DVD player, satellite receiver or HDTV converter to a TV or home theatre receiver

Injection moulded connectors are colour coded to ensure correct video connection Green(Y), Red(PR), Blue(Pb)  
Gold-plated RCA connectors help prevent signal loss and provide a high quality connection  
Shielded to help minimize signal interference and maintain the integrity of signal transfer

- [5]      **81415466**            1m Component Cable
- [5]      **8149281**                2m Component Cable
- [5]      **81415468**                4m Component Cable

[6]

**RCA Stereo Audio Cable**

Transfers two-channel stereo audio signals from media players, audio and video equipment

Removes signal distortion  
RCA to RCA connectors  
Four-layer shielding against EMI (electromagnetic) and RFI (radio frequency) interference  
Colour-coded connectors for easy hook-up

- [6]      **81414655**                2m RCA Audio Cable

[7]

**Economy RCA Stereo Audio Cable**

Use to connect stereo audio components  
RCA to RCA connectors  
Gold-plated connectors  
Injection moulded connectors are colour coded red and white for right and left audio channels  
Shielded to help minimize signal interference and maintain the integrity of signal transfer

- [7]      **81415639**                1m RCA Audio Cable
- [7]      **81415641**                2m RCA Audio Cable
- [7]      **81415643**                3m RCA Audio Cable
- [7]      **81415645**                6m RCA Audio Cable

[8]

**Economy RCA Video + Stereo Audio Cable**

Combination stereo audio and video cable  
RCA to RCA connectors  
Gold-plated connectors  
Injection moulded connectors are colour coded, yellow for video and red-white for right and left stereo audio channels  
Shielded to help minimize signal interference and maintain the integrity of signal transfer

- [8]      **81415460**                1m RCA Video + Audio Cable
- [8]      **81415647**                2m RCA Video + Audio Cable
- [8]      **81415462**                4m RCA Video + Audio Cable

## Audio / Video Connectivity

### Economy S-Video with Stereo Audio

S-Video cable allows the luminance (brightness) and chrominance (colour) signals to be transmitted separately providing better picture resolution and improved video reproduction  
 Injection moulded connectors are colour coded, yellow for video and red-white for right and left stereo audio channels  
 Gold-plated connectors  
 Shielded to help minimize signal interference and maintain the integrity of signal transfer

- [1] **81415470** 1m S-Video with Audio Cable
- [1] **8149284** 2m S-Video with Audio Cable
- [1] **81411234** 4m S-Video with Audio Cable

[1]

### S-Video Cable

Compatibility with TVs, HDTVs, DVD players, satellite receivers, video cameras and projectors  
 Superior cable construction separately transmits colour and brightness over two separate signal paths, providing a razor sharp picture and rich, accurate colours  
 Four-layer shielding against EMI (electromagnetic) and RFI (radio frequency) interference

- [2] **81414651** 2m S-Video Cable

[2]

### Economy S-Video Cable

Connect DVD players, satellite receivers, etc. to a TV or home theatre receiver  
 S-Video cable allows the luminance (brightness) and chrominance (colour) signals to be transmitted separately providing better picture resolution and improved video reproduction  
 Gold plated connectors  
 Shielded to help minimize signal interference and maintain the integrity of signal transfer  
 Note: S-Video cable carries video signals only

- [3] **81415464** 1m S-Video Cable
- [3] **81415649** 2m S-Video Cable

[3]

### Digital Coaxial Audio Cable

Provides vibrant sound reproduction  
 Carries all channels of audio information contained in Dolby Digital 5.1 and DTS surround sound signals  
 RCA to RCA connector  
 Injection moulded connectors  
 Shielded to help minimize signal interference and maintain the integrity of signal transfer

- [4] **81416441** 2m Coaxial Audio Cable

[4]

[5]

**Digital Optical Cable with Mini Plug Adapter**

Optic cable ideally transfers multi-channel audio information from DVD, DSS and Dolby Digital audio sources  
Includes 2 mini Toslink adapters

[5]      **81410827**      1m Optical Cable

[6]

**Stereo Audio 3.5mm (mini-to-mini) Cable**

Connects devices such as MP3 players, CD players, computer speakers, or boom boxes; with 3.5mm outputs  
Shielded to help minimize signal interference and maintain the integrity of signal transfer

[6]      **81415654**      ■ 2m 3.5mm Audio Cable  
[6]      **81415657**      □ 2m 3.5mm Audio Cable

[7]

**Stereo Audio 3.5mm to RCA "Y" Adapter Cable**

Connects portable audio devices such as MP3 players, portable CD or DVD players with mini 3.5mm stereo outputs to stereo audio components with RCA-type inputs  
3.5mm stereo plug to 2 RCA-type connectors  
Shielded to help minimize signal interference and maintain the integrity of signal transfer

[7]      **81415660**      ■ 2m Audio Cable  
[7]      **81415663**      □ 2m Audio Cable

[8]

**Single (m) RCA phono plug to 2 (f) RCA phono jacks**

Converts a single RCA-type male connector to two separate RCA-type female connectors  
Injection moulded connectors are colour coded red-white for left and right audio channels  
Gold-plated RCA connectors  
Shielded to help minimize signal interference and maintain the integrity of signal transfer

[8]      **81415667**      2m RCA Audio Cable

Colour Guide  
□ White      ■ Black

## Audio / Video Connectivity

### In-line RCA Coupler

Connect 2 RCA-type cables in-line allowing for the extension of cable lengths

[1] **814435** RCA Coupler

### Coaxial to RCA Adapter

Converts an RG6 "F"-type coaxial connector to an RCA-type connector  
Create long lengths of audio, video or component (RGB) cable

[2] **814753** RCA Adapter (2 pack)

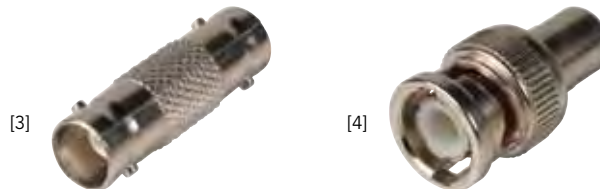

### BNC Adapters

Great for use with surveillance cameras and other A/V components

[3] **81417210** BNC to BNC Coupler

[4] **81417208** RCA to BNC Adapter

[5] **81417206** BNC to RCA Adapter

### Speaker Wire

Connect audio speakers to entertainment systems  
Delivers rich, realistic sound even over long runs  
Clear PVC jacket

- [6] **OSW2215** 15m 22 Gauge Speaker Wire
- [6] **OSW22150** 150m 22 Gauge Speaker Wire
- [6] **OSW188** 8m 18 Gauge Speaker Wire
- [6] **OSW1815** 15m 18 Gauge Speaker Wire
- [6] **OSW1830** 30m 18 Gauge Speaker Wire
- [6] **OSW1875** 75m 18 Gauge Speaker Wire
- [6] **OSW18150** 150m 18 Gauge Speaker Wire
- [6] **OSW1615** 15m 16 Gauge Speaker Wire
- [6] **OSW1630** 30m 16 Gauge Speaker Wire
- [6] **OSW1675** 75m 16 Gauge Speaker Wire
- [6] **OSW1415** 15m 14 Gauge Speaker Wire
- [6] **OSW1430** 30m 14 Gauge Speaker Wire
- [6] **OSW14150** 150m 14 Gauge Speaker Wire
- [6] **OSW1230** 30m 12 Gauge Speaker Wire
- [6] **OSW1275** 75m 12 Gauge Speaker Wire
- [7] **OSW10539** 150m 16 Gauge Speaker Wire  
Grey PVC Jacket, Pull Box,  
FT4 Rated

[6]

[7]

[8]

[9]

**Speaker Wire Connectors**

For use with wire gauges 12 to 18  
4 Pair per package  
Connectors are colour coded black and red for easy installation

- [8] **OC16040** Pin-Type  
Wire secures with set-screw
- [9] **OC16041** Banana-Type  
Wire secures with crimp or solder
- [10] **OC16042** Spade-Type  
Wire secures with crimp or solder

[10]

[11]

**Speaker Wire Wall-Plates**

A convenient way to wire speakers throughout your home or office  
Mounts to a standard electrical outlet box or flush mounts to drywall using a drywall mounting bracket (Omega# CF1)  
Wall plates allow for termination of existing in-wall wiring or pre-wired applications  
Mounting screws included  
Installation note: Wires attach to in-wall side of plate with solder  
Required tools: Wire strippers, soldering iron and solder

[12]

[13]

- [11] **OC101**  Single Speaker  
Use with spade or banana type wire connectors
- [12] **OC102**  Dual Speaker  
Use with spade or banana type wire connectors
- [13] **OC103**  Dual Speaker  
Use with banana type wire connectors
- [14] **OC104**  RCA Single Speaker  
For audio/video or speaker wire with RCA-type connectors
- [15] **OC108**  Dual Speaker  
Use with unterminated speaker wire  
Push and clamp design makes speaker wiring easy

[14]

## Audio / Video / Coaxial Connectivity

### HDMI Wall Plate

Route HDMI cable inside the wall using a wall-mount TV  
Equipped with a single female HDMI port on each side of  
the plate

Supports resolutions up to 1080P

Mounts to a standard electrical outlet box or flush mounts  
to drywall using a drywall mounting bracket (Omega# CF1)  
Mounting screws included

- [1] **81416391**  HDMI Jack Plate

[1]

### 3 RCA to "F" Coaxial Component Video (RGB) Wall Plate

Works with Component Video (RGB) cable or RCA Video +  
Stereo Audio cable

Comes with colour coded bands to identify a variety of  
signal output configurations

Backside is equipped with coaxial in-line couplers for an  
easy connection of coaxial cable with "F" connectors

Mounts to a standard electrical outlet box or flush mounts  
to drywall using a drywall mounting bracket (Omega# CF1)  
Mounting screws included

- [2] **81015757**  Component Video Wall Plate

[2]

### 2.4GHz Coaxial Wall Plates

Supports High Definition coaxial signals

Equipped with coaxial in-line couplers for quick, easy con-  
nection of cable with "F" connectors

Mounts to a standard electrical outlet box or flush mounts  
to drywall using a drywall mounting bracket (Omega# CF1)  
Frequency range: 5MHz to 2.4GHz - Suitable for satellite or  
digital cable signals

Mounting screws included

- [3] **81511310**  2.4GHz Coaxial Plate  
 [3] **81515493**  2.4GHz Coaxial Plate (3 pack)  
 [4] **81511313**  2.4GHz Dual Coaxial Plate  
 [5] **81515495**  2.4GHz Simulated Decora  
Coaxial Plate  
 [5] **81515498**  2.4GHz Simulated Decora  
Coaxial Plate (3 pack)

[3]

[4]

### Keystone Wallplates & Inserts

Create and install custom audio/video or data network wall  
connections

No installation tools required

Mounts to a standard electrical outlet box or flush mounts  
to drywall using a drywall mounting bracket (Omega# CF1)

- [6] See Page 11 for full product listing

[5]

[6]

**Coaxial Cable Wall Plates**

Equipped with coaxial in-line coupler for quick, easy connection of cable with "F" connectors  
 Mounts to a standard electrical outlet box or flush mounts to drywall using a drywall mounting bracket (Omega# CF1)  
 Frequency range: 5 to 900MHz - Not suitable for satellite or digital cable signals.  
 Mounting screws included

- [7] **OV512WH**  900MHz Coaxial Plate
- [7] **OV3776**  900MHz Coaxial Plate (3 pack)
- [7] **OV512IV**  900MHz Coaxial Plate
- [8] **OV510WH**  900MHz Coaxial Plate Simulated Decora style
- [9] **OV509WH**  900MHz Dual Coaxial Plate
- [10] **OV513WH**  Plate (no connector)
- [10] **OV513WHP**  Plate (no connector) (2 pack)
- [10] **OV513IV**  Plate (no connector)
- [10] **OV513IVP**  Plate (no connector) (2 pack)
- [11] **OV631WH**  900MHz Coaxial Decora Plate
- [11] **OV5002**  900MHz Coaxial Decora Plate (3 pack)

**Telephone & Coaxial Cable Wall Plates**

Use for the convenience of having a telephone jack and coaxial cable outlet installed in the same electrical box  
 Equipped with a coaxial in-line coupler for quick connection of a coaxial cable with "F" connector  
 Mounts to a standard electrical outlet box or flush mounts to drywall using a drywall mounting bracket (Omega# CF1)  
 Mounting screws included

- [12] **OV630WH**  Plate
- [13] **OV624WH**  Decora Plate (single piece)

**Drywall Mounting Bracket - Improved Design!**

Improved design allows for multiple brackets to be joined together for use with a Decora multi-plate cover (sold separately)

For use with low-voltage systems where electrical boxes are not required to mount wall plates  
 Arms can fit 1/4" to 1" wall thicknesses  
 Cut hole in drywall and spread metal flanges to hold bracket in place

- [14] **CF1CP**  (3 pack)
- [14] **CF1P**  (5 pack)
- [14] **CF1VP**  (10 pack)

## RG6 Coaxial Connectivity

### RG6 Coaxial Cables

Delivers the sharpest, most life-like, video picture and best colour reproduction  
 2.4 GHz rated  
 Dual-Layer shielded design offers superior protection against EMI & RFI interference  
 Flexible PVC outer jacket  
 High-purity oxygen-free copper center conductor

### RG6 Compression "F" Connectors

Commercial grade compression connectors for terminating RG6 coaxial cable  
 Permanent 360° Connector-to-Cable attachment  
 Anti-corrosion Nickel-plated finish  
 For indoor or outdoor use  
 Use with RG6 Compression Tool (Omega# 13013962)

[8]	<b>81511717</b>	(3 pack)
[8]	<b>81513952</b>	(10 pack)
[8]	<b>OV11211</b>	(20 pack)
[8]	<b>81013972</b>	(50 pack)
[8]	<b>81013325</b>	(100 pack)

### RG6 Compression "RCA" Connectors

Commercial grade compression connectors for terminating RG6 coaxial cable  
 Permanent 360° Connector-to-Cable attachment  
 Suitable for Audio-Video home entertainment  
 Anti-corrosion Nickel-plated finish  
 Use with RG6 Compression Tool (Omega# 13013962)

[9]	<b>81512246</b>	(4 pack)
[9]	<b>81515519</b>	(20 pack)

### Tool-Less RG6 Compression "F" Connectors

NO compression tool required  
 Easy to install  
 Indoor/outdoor  
 Compression connector for terminating RG6 coaxial cable  
 Anti-corrosion Nickel-plated finish

[10]	<b>81016842</b>	(4 pack)
------	-----------------	----------

### RG6 Weather-proof Crimp-on "F" Connectors

Contains rubber 'O' ring and silicone seal  
 Weather proof one-piece crimp on connector for terminating RG6 coaxial cable  
 Use with Crimp Tool (Omega# OV628)

[11]	<b>OV645P</b>	(4 pack)
[11]	<b>OV645VP</b>	(20 pack)
[11]	<b>OV11212</b>	(50 pack)

### RG6 "F" Connectors

Connectors for terminating RG6 coaxial cable  
 Use with Crimp Tool (Omega# OV628), where necessary

[12]	<b>81511319</b>	Twist-on (4 pack)
[12]	<b>81513951</b>	Twist-on (10 pack)
[13]	<b>OV662P</b>	Crimp-on (5 pack)
[13]	<b>OV662VP</b>	Crimp-on (10 pack)
[14]	<b>OV635P</b>	Crimp-on with O-rings (5 pack)

#### Colour Guide

□ White    ■ Black    ■ Grey

## RG6 Coaxial Connectivity

### 2.4GHz RG6 Coaxial Splitters

Splits a coaxial cable signal for the connection of multiple TVs, VCRs etc

Digital ready for splitting satellite or digital cable signals

DC Power Passing to one port

Mounting tabs (screws not included)

Cast-in ground block

Frequency range: 5 MHz -2.4 GHz

- [1]     **81511296**       2-way Splitter
- [2]     **81511298**       3-way Splitter
- [3]     **81511300**       4-way Splitter

[1]

### 2.4GHz RG6 Coaxial In-line Coupler

Ensures minimal signal loss when coupling two runs of RG6 coaxial cable with "F" connectors

Ideal for extending cable lengths

Frequency range: 5 MHz -2.4 GHz

- [4]     **81516049**       In-line Coupler (2 pack)

[2]

### 2.4GHz RG6 Dual Coaxial Grounding Block

Use to ground 75-Ohm satellite or digital coaxial cable connections

For use with outdoor antennas and satellite dishes

Frequency range: 5 MHz -2.4 GHz

- [5]     **81511317**       Grounding Block

[3]

[4]

[5]

[6]

[7]

### RG59 Standard Coaxial Cable

Connect an antenna or basic cable  
 Frequency range: 5 to 900 MHz - Not suitable for satellite or digital cable signals  
 Do not install this cable behind or through walls

- [6] **ORG150BK** ■ 150m Spool
- [6] **ORG150WH** □ 150m Spool

### RG59 "F" Connectors

Connectors for terminating RG59 coaxial cable  
 Use with Crimp Tool (Omega# OV628), where necessary

[8]

[9]

- [7] **OV666** Twist-on (2 pack)
- [8] **OV661P** Crimp-on (5 pack)
- [9] **OV515P** Crimp-on with O-rings (10 pack)

### Weatherproof Boot

Keeps moisture away from cable connection

[10]

[11]

- [10] **OV647** (4 pack)

### Matching Transformer

Converts a 75Ohm RG59 coaxial cable signal input to 300Ohm output

[12]

[13]

- [11] **OV503** Indoor Transformer
- [12] **OV531** Outdoor Transformer
- [13] **OV526** Indoor Push-on Transformer  
 Converts flat antenna cable to an "F"-type coaxial connector

### Coaxial Adapters

Create custom lengths of audio / video cable

[14]

[15]

- [14] **814753** F to RCA Adapter (2 pack)
- [15] **OV521** F Push-on Adapter
- [16] **OV514** In-line Coupler
- [16] **81411045** In-line Coupler (2 pack)
- [16] **OV514P** In-line Coupler (5 pack)

### Coaxial Cable A-B Switch

Switch between two coaxial cable inputs  
 Output to single coaxial cable  
 Frequency range: 5 to 900 MHz - Not suitable for satellite or digital cable signals

[16]

[17]

- [17] **OV557** Coaxial Switch

## Coaxial Installation Products

### RG6 Coaxial Cable Stripper

Professional Grade  
Strip and prepare RG6 coaxial cable to accept cable termination ends

[1]      **81511322**      Stripper Tool

[1]

### RG6 Compression Tool

Professional installation of compression style "F" (Omega# 81511717) or RCA (Omega# 81512246) connectors  
Heavy-duty steel alloy construction  
Insulated grips to ensure better handling

[2]      **13013962**      Compression Tool

[2]

### RG59/RG6 Coaxial Heavy-Duty Crimping Tool

Crimps all "F"-type crimp-on style coaxial connectors  
Tough steel construction is strong and durable, resists rust and corrosion  
Three precision-ground stripping stations  
Anti-slip sealed air pocket grips for comfort

[3]      **OV628**      Crimping Tool

[3]

### "F" Connector Insertion Tool

Assists with the insertion of any "F" connector onto coaxial cable, before securing connector to cable  
Can be used with crimp-on or compression "F" connectors  
Works with RG6 and RG59 coaxial cable  
Includes 2 crimp-on connectors

[4]      **OV626**      Insertion Tool

[4]

### Coaxial Cable Clips

Use to attach RG6 or RG59 coaxial cable to walls or baseboards  
Pre-Inserted hardened steel nail

[5]	<b>OV563BKP</b>	<input checked="" type="checkbox"/>	Clips (50 pack)
[5]	<b>OV11209</b>	<input checked="" type="checkbox"/>	Clips (100 pack)
[5]	<b>OV563WHP</b>	<input type="checkbox"/>	Clips (50 pack)
[5]	<b>OV15524</b>	<input type="checkbox"/>	Clips (100 pack)

[5]

[6]

**VHS Head Cleaner**

Non-abrasive VHS wet/dry video head cleaner  
Safely cleans tape heads and entire tape path

[6]      **OV564**                  VHS Cleaner

[7]

**DVD Hook-Up Kit (with RF Modulator)**

Use to connect components with audio/video outputs to older TVs with only "F" connector (coaxial cable) input  
RCA audio/video and coaxial hook-up cable included  
Selectable channel input allows for viewing on either channel 3 or 4

[7]      **81310563**                  RF Modulator

[8]

[9]

**Universal Remote Control**

Combine the remote functions of up to 4 devices into one remote control  
Operates the common features of most popular brands of infrared controlled video and audio equipment

[8]      **OR14347**                  Replacement Remote Control

**Universal Remote Control with Learning Feature**

Combine the remote functions of up to 6 devices into one remote control  
Operates the common features of most popular brands of infrared controlled video and audio equipment  
Equipped with a remote learn feature which lets the remote learn commands from your equipments original remote control

[9]      **OR14349**                  Replacement Remote Control with Advanced Learning

Colour Guide  
 White     Black

## Audio / Video Products

### Digital Indoor Television Antenna

HDTV, ATSC, VHF & UHF compatible  
 Designed for digital off-air television signal reception  
 State-of-the-art low noise amplifier and matching network technology  
 Includes 2 built-in VHF rod antennas for superior VHF signal reception  
 Power adapter and 2m (6'-6") coaxial cable included

#### Specifications

Frequency Range VHF 47~230MHz  
 UHF 470~870MHz  
 Gain 20+3dB  
 Power 110V/DC9V/100mA (regulated)

[1] **81316449** Indoor Digital Antenna

[1]

### Digital Outdoor/Indoor Television Antenna

HDTV, ATSC, VHF & UHF compatible  
 Designed for digital off-air television signal reception  
 State-of-the-art low noise amplifier and matching network technology  
 Built to withstand exterior conditions  
 Water proof, anti-UV coated construction  
 Comes with everything you need for an easy installation  
 Adjustable multi-directional wall mount kit included

#### Specifications

Frequency Range VHF 47~230MHz  
 UHF 470~890MHz  
 Gain 20 + 3dB  
 Power DC9V/100mA

[2] **81316789** Outdoor/Indoor Digital Antenna

[2]

**OMP Flat-Panel Mounts**

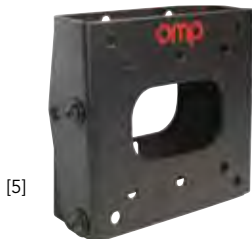

All mounting hardware is included  
 VESA international standards compliant

**Fixed Mounts**

- [3] **M7215** 10" to 24" panel  
18Kg/40lb maximum weight
- [4] **M7220** 26" to 37" panel  
36Kg/79lb maximum weight
- [4] **M7225** 42" to 54" panel  
90Kg/200lb maximum weight

**Tilt Mounts**

- [5] **M7216** 10" to 24" panel  
0° to 20° tilt  
18Kg/40lb maximum weight
- [6] **M7221** 26" to 37" panel  
0° to 20° tilt  
36Kg/79lb maximum weight
- [6] **M7226** 42" to 54" panel  
0° to 20° tilt  
90Kg/200lb maximum weight

## Corded Headsets for Mobile and Cordless Phones

Plugs directly into phones with a 3.5mm jack, giving you total hands-free convenience  
2.5mm jack adapter included

- [1]     **71016475**     Earbud with Microphone & call Answer/End button built into the cord
- [2]     **71016478**     Earbud with Microphone & call Answer/End button built into the cord
- [3]     **71016472**     Headset with adjustable earhook for wearing on left or right ear
- [4]     **71016481**     Headset with adjustable earhook for wearing on left or right ear

[5]

**Corded Headset for Mobile and Cordless Phones**

- Plugs directly into phones with a 2.5mm jack
- Adjustable microphone arm
- Lightweight and comfortable
- Adjustable for wearing on left or right ear
- high quality microphone for exceptional voice clarity
- Comfortable, adjustable headband
- Adjustable collar clip secures cord for a tangle free use
- BONUS! belt clip for your phone included

[5]      **OT14521**      Over-the-head Headset

In addition to these Omega products, we also carry communication headsets by:

**BODYGUARDZ**  
Got It Covered™

**Panasonic**  
ideas for life
